

R.L. STINE'S STORY CLUB ACTIVITIES

Who is R.L. Stine? Do some research and learn about the mastermind behind R.L. Stine's Story Club. Create a presentation of your top ten favorite R.L. Stine facts. You can do so by making a poster, writing an essay, creating a Powerpoint, or even producing a movie about it! Be creative!

Be an audio engineer! Making podcasts is all about bringing a story to life using ONLY sounds. Use worksheet #1 to learn about how to create a scene in a podcast using sounds and music.

Compare two episodes. Using the Venn Diagram provided on worksheet #2, compare the music and sounds that you hear in each episode. Was there any music or sounds that were used in both episodes?

NAME: _____

DATE: _____

AUDIO ENGINEER

Close your eyes and envision each of the scenes below. What are all the sounds you hear? Fill each of the boxes provided below with sounds that fit the scene. An example is given for each.

BIRTHDAY PARTY

sound of photos being taken

WATER PARK

sound of a life guard whistle

HAUNTED HOUSE

sound of creaky floor boards

FOREST

sound of wind in the trees

NAME: _____

DATE: _____

COMPARE TWO EPISODES

Use the Venn Diagram to compare the music and sounds that you hear in two different episodes of R.L. Stine's Story Club. Was there any music or sounds that were used in both episodes?
